WHY WE'RE PASSIONATE ABOUT HAVING FUN WHILE AGING

Loneliness is the biggest health risk for adults.

Adults who isolate:

- ✗ are less active
- ✗ make poorer health choices
- ✗ suffer from a lack of motivation

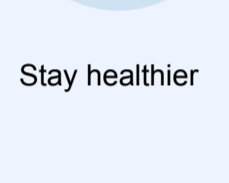

We believe there's a better way.

Stay social throughout your life & reap the benefits.

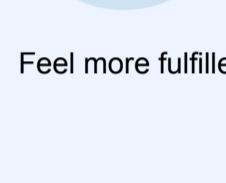

It's really more than just attending an event. Our mission is to help you find a community of people who can uplift you in all areas of your life.

Enjoy life

Stay healthier

Feel more fulfilled

Because we all deserve to age well.

We founded Elevate to help all adults in northeastern Otter Tail County, Minnesota, age well.

We partner with area organizations to both promote existing and create new opportunities for residents to improve their physical, mental, and social health. Whether someone is needing help eating well, staying active, making connections, understanding their Medicare plan, and more, Elevate can connect them with the information or resources they need to optimize their health.

I've gotten involved in a few Elevate events and have had a lot of fun. Last year I wasn't getting out of the house much, now I'm meeting up with friends, going to events, and have been feeling better than I have in years!
